# Anuraag Chandra Shukla

Nominee for Academic Affairs Secretary  
Student Gymkhana 2020 – 2021

Indian Institute of Technology  
Hyderabad

---

# About me:

- Pursuing my 3<sup>rd</sup> Year of Bachelors in Civil Engineering.
- Silver medallist at the INTER IIT TECH MEET 2019-2020
- Informals Coordinator , Elan n Nvision '19
- Core at the Cephied club , 2019 – 2020.
- Volunteer for various domains for Elan n Nision and TedX '18.

# Duties of Academic Secretary

- To promote and address Academic related Issues especially those related to academic curriculum along with the members of the Academic Affairs Council (AAC).
- To effectively represent the views of the student body on academic matters and coordinate with all facilities of academic nature.
- To promote the integrity of the students .
- To serve as a bridge between the Student body or SAC and the concerned authorities regarding academic matters.
- To be conversant with all the rules of the Institute.
- To establish an environment for academic growth of students by the continuously analysing the situation/problems faced by the student fraternity.

# Agenda:

## Double Major:

Shall put in my sincere efforts to ensure that double major programmes are awarded to all those students excelling in more number of credits against the mandatory 24 subject to the off-set number as decided by the management.

Shall try in setting up a cap on the number of S grades obtained by students applying for Double majors in the current semester.

# AIMS

## Student feedback form

### Section A:

- This section would contain a fairly lesser number of questions than the existing pattern.

### Section B:

- Course specific form would be introduced to assess the knowledge gained during a course
  - Shall be provided to other professors at the beginning of each new course as an first-hand information.

## Interface:

- Display of current CGPA, and all SGPAs
- Display of all required and completed courses of each type.

## Digitalisation of grade cards:

- Digitalised grade cards at the end of each semester.
- Need of hour.
- Step towards greener campus.

---

# NPTEL

Shall hold deliberations with NPTEL to include IITH courses . The recordings of the classes of this online semester would be uploaded after due consultations with the professors.

To have more integration with NPTEL , credits would be awarded for completion of NPTEL courses after presentation of required proofs.

# Student Interlude

## Academic breaks

- Shall try to ensure sufficient gap between mid-sem break and segment exams.
- Shall try to persuade at least a day break after each segment exam.

## Exam Slotting

- The Already approved exam slotting would be followed effectively.
- The exam dates would be displayed on the AIMS portal.

## Quiz Week

- Shall try for the introduction of a quiz week during every segment enabling conduct of **“Pre-announced”** quizzes thus providing more free time for the students.

# Online Semester

**Online classes:** The recordings of each online class will be sent to students to accommodate the disadvantages of improper internet facilities.

**Mail Id :** A mail ID would be dedicated to the sole purpose of solving the problems regarding the online semester.

**E- Library :** Would speedup the process of E library and will make sure the students get access to it as soon as possible for the advantage of the fraternity during these hard times.

- Shall also strive to increase the contents of the E library .

# Interns and Projects

- Shall try for awarding of credits for Internships. The HOD of each department would oversee the intern summary submitted by each student and grade accordingly.
- Would follow up on the project database being maintained by the previous academic secretary.
- The new projects would be published on the websites of the respective branches if there arises a requirement of students for those projects.

# Researchers:

A day to be exclusively earmarked to enable PhD scholars to attend to their academic work if any and thus avoid being interrupted in their research work.

A portal or a dedicated mail ID would be created for PhD scholars to post their grievances and to be dealt with highest seriousness.

# Transparency

The minutes of the senate meeting would be shared with the students after the completion and approval of the same.

Any change in academic policy will be informed to the students explicitly along with which a updated rule book would be circulated.

An Academic log book would be maintained exclusively to note the changes made in the senate meetings and would be mailed to students along with the minutes of meeting.

# Other points:

- Interact with Alumni and hold sessions as many as possible on higher studies every year for the benefit of the students.
- Follow up on the discounts on various test series of various Entrance exams.
- Interact with faculty who have experience in these domains.
  
- Arrange CR meetings regularly and solve the issues accordingly.
  
- Will try to get the “Conversion of additional courses to free electives” option activated for at least one more time i.e. during the 8th semester.
  
- Will get the licenses for various softwares on request of the students using them and would make them available across the board.
- A form would be floated at the beginning of each semester to list out the softwares needed by the students.

*I solemnly declare that I shall discharge all my duties and responsibilities that I inherit with the position with utmost sincerity and strive for the betterment of our students fraternity by taking every one along with me , inviting suggestions and respecting sentiments in my endeavour in scaling New Academic Heights and bring more fame to our illustrated institution.*
